Providing goods and services to persons with disabilities

Cintas is committed to excellence in serving all clients, including persons with disabilities, and will carry out its functions and responsibilities by,

- communicating with persons with disabilities in ways that take into account their disability;
- serving persons with disabilities who use assistive devices. Cintas will provide its staff with training on how to use any assistive devices available on Cintas premises;
- ensuring that persons with disabilities who are accompanied by their guide dog or other service animals are permitted to enter the premises of Cintas with the animal and to keep the animal with them, unless the animal is excluded by law from the premises;
- ensuring that persons with disabilities who are accompanied by a support person are permitted to enter the company premises with their support person.

Service animals

A person with disabilities may be accompanied by a guide dog or other service animal when on Cintas premises. In the event that service animals are excluded by law from the premises, Cintas will provide other resources or supports to enable the person with disabilities to access the services and goods offered by Cintas. In the event that it is not easy to identify that an animal is a service animal, Cintas may ask the person with disabilities to provide documentation from a regulated health professional. This documentation must confirm that the person needs the service animal for reasons relating to their disability.

Support persons

Person with disabilities may enter Cintas premises with a support person and have access to the support person while on the premises.

Cintas does not charge fees for support persons.

Cintas may require persons with disabilities to be accompanied by a support person when on the premises, but only if a support person is necessary to protect the health and safety of the person with disabilities or the health or safety of others on the premises. Before making a decision, Cintas will consult with the person with a disability to understand their needs; consider health and safety reasons based on available evidence; and determine if there is no other reasonable way to protect the health or safety of the person or others on the premises.

Notice of temporary disruption

Cintas will provide customers with notice in the event of a planned or unexpected disruption in the facilities or services usually used by people with disabilities. This notice will include information about the reason for the disruption, its anticipated duration, and a description of alternative facilities or services, if available.
